You've got to admit it; the four female officers (middle) did a splendid job in ruling over the Senior class with the coaching of their advisors (top), Mr. Rentschler, Miss Witman, Mr. Hoffman, and Mr. Scarpignato (missing). Dorothy Wilhelm was the senior class president with Michele Stoudt as her vice-president. The treasury department was handled by Brenda Snyder, and Donna Hoffman was secretary. The executive council consisted of Clarence Sweitzer, Elvin Shilling, Pam Gassert, Greg Zerbe, Linda Kramer, Herbert Moyer, Douglas Billman, Larry Boehmer, Mark Rake, Mike Klahr and Mike Bashore.

With our motto "Today decides Tomorrow" the senior class student council representatives did their best to improve THS. The representatives (bottom) from various section were Robin Davis, Pam Kalbach, Brian Melito, Sammy Brown, Kathi Eisenbrown, Linda Meredith and Randy Miller.

A vocal ensemble was started, composed of senior chorus members. This group sang our class song "Somewhere" at commencement. The class of '71 chose the class flower to be the carnation, and the class colors were baby blue and white.

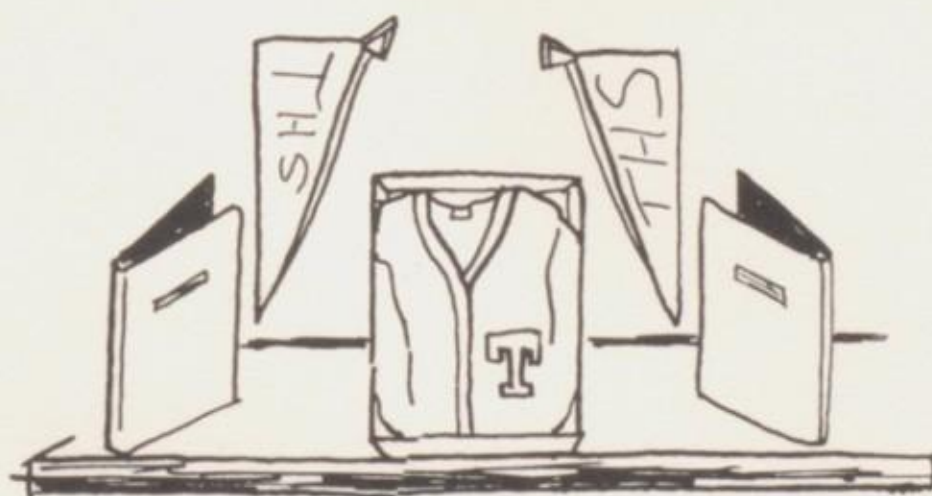

The class of '71 anticipated commencement. The ad book and sandwich sales kept them busy in any spare time they found. Senior pictures and class trips also had to fit in the agenda somewhere.

"You Can't Kiss Caroline" — what a rewarding experience. The class play was only one of the many activities engaged in by the class of '72 in order to meet their financial obligations of their year-book, class trip and commencement. Other functions included conducting sub and pizza sales, as well as the Junior Class dance of November 13.

Mrs. Snyder, librarian, and Mrs. Lindemuth, 11th grade English teacher, chaperoned a class trip to New Hope, Pa., to see the play, "I Do, I Do".

As a student becomes a sophomore he begins to realize that his graduation is not too far away and it may come before he is totally prepared. For this reason Mr. Harner, the guidance counselor, encourages students to do some serious thinking about their future. A student's sophomore year is important because during this time his grades can become credits, necessary for his graduation.

The class of '73 this year held their dance on February 26. It was a successful affair, enjoyed by both students and faculty.

Although these freshmen have only one year behind them at THS, the remaining three will be over all too soon. In the beginning of their journey the freshmen feel surrounded by new faces, new subjects, and new rooms. How easily the class made an adjustment to our school was evidenced in their participation in the sports and music programs. Many became involved in hockey, soccer, and in the band.

This year the freshmen class sponsored a fund-raising project for the Red Cross to aid the typhoon victims of Pakistan. On March 26, they held their first dance at the high school. The spirit and enthusiasm of the class helped to make the freshmen's first impression a good one.

School Authority And School Board:

# Approving The Policies We Are To Follow

Seated: Orville Stauffer, Warren Kline, Alvin Zerbe. Standing: Clarence Mengel, Earl Schaeffer, Lynn Rissinger, Floyd Koenig, John Moyer, Jr.

The School Board, presided over by Warren S. Kline, goes to great lengths to provide the best possible means of education for Tulpehocken High School. The Board approves all policies that the students are to follow. Vice President of the Board is Harold Bashore; Secretary is Alvin Zerbe; and Treasurer is Earl Degler. Completing the Board are: Floyd Koenig, Clarence Mengel, John Moyer, Lynn Rissinger, Earl Schaeffer, and Orville Stauffer.

The School Authority regulates construction and maintenance of our high school.

Time to get to work.

Always time for a laugh.

Work is plentiful.

Mr. Schaeffer is a busy man.

They are a group of hard working men.

Secretaries:

## Managing The Office, Is Their Problem

Mrs. Helen Kline

Mrs. Helen Kline, Mrs. Jean Polk, and Mrs. Thelma Keeney are our secretaries who work vigorously behind the scenes. They manage our Office very effectively, and efficiently take care of the ponderous work that must be done daily.

Mrs. Jean Polk

Mrs. Thelma Keeney

Supervising Principal And Assistant Supervising Principal:

## Ruling The Mob, Is Their Job

Mr. Ebling, our Supervising principal, and Mr. Koenig, our Assistant Supervising principal, manage the business and finances of the school. Their job requires long hours and much patience.

Mr. Ebling attended Albright College, and received a B.S. in Ed. He received a M. of Ed. at Temple University.

Mr. Koenig attended Albright College and received a B.S. in Ed. He received a M. of Ed. at Temple University.

Mr. Earl Koenig

Mr. Harry Ebling

Mr. Harold Matthew

Mr. Matthew, our High School principal, controls our school and everything in connection with it. Coming in contact with numerable students and faculty members every day, he faces and solves many problems with a firm and guiding hand.

Mr. Matthew attended East Stroudsburg State College and received a B.S. in Health and Physical Education. He received a M. in Educational Administration from Temple University.

Mr. Robert Harner

Mr. Harner, our guidance counselor, is the man responsible for aiding the seniors of THS get into good colleges. He helps students a great deal in deciding which college is best for them and their oncoming career.

Mr. Harner attended Franklin and Marshal College and received a B.A. of Ed. He received a M. of Ed. at Temple University. He also attended Millersville State College for Guidance work.

Mr. Harner takes an active part in the Student Council because he is their adviser.

Health Department:

# Checking Our Eyes, Our Ears, And Our Blood

Dr. Pugliese prepares the medical records for the high school.

Modern, efficient medical facilities are made available to the students of Tulpehocken High School. Dr. Pugliese, Mrs. Haag, and Mrs. Orendo comprise the medical staff responsible for the administration of physicals, hearing tests, eye tests, blood pressures, T.B. tests, and the everyday treatment of injuries and ailments that may occur within the student body.

Mrs. Orendo makes a bed in the health room.

Mrs. Haag carefully weighs a student.

## Bus Drivers:

# Safely Taking Us To And From School

*Standing: Quentin Gettel; Harold Bashore; Carroll Snyder; Kenneth Moser; Elmer Bashore. Seated: Calvin Zellers; Edith Ziegler; Gertrude Henne; Joan Mengel; Paul Keeney.*

Our bus drivers have a very responsible job, that of transporting the students to and from THS safely. Exercising caution and care, they commute the students safely.

The bell rings. The people run. Where do they run? They run to get away.

The beginning of the 3:10 dismissal.

## Cafeteria Staff:

# Cooking And Baking And Doing Their Thing

Mrs. Schlappich carefully prepares the daily menu.

It is almost impossible to satisfy over 500 hungry and impatient students, but the Cafeteria Staff does its best to prepare nutritious and colorful lunches. The responsibility of the staff falls on Mrs. Helen Schlappich, cafeteria manager.

Other duties of the cooks are to supervise the classes at special activities requiring the use of the kitchen. The menu for the soccer banquet and the Berks County Agricultural Stabilization banquet are also included in the tedious job of our cooks.

Mrs. Henne adds the finishing touch to the chocolate pudding.

Mrs. Luckenbill and Mrs. Schlappich make our delicious peanut butter and jelly sandwiches.

Mrs. Bashore scoops out the mashed potatoes.

Custodial Department:

## Keeping Our School Clean

Mr. George Bashore and Mr. Jacob Bicher.

Thanks to our friendly custodians, THS is not only a clean school, but a very pleasant place to come to in the morning. As the custodians work busily by day and late at night, the students realize they could not get along very well without them.

Mr. Glenn Moyer

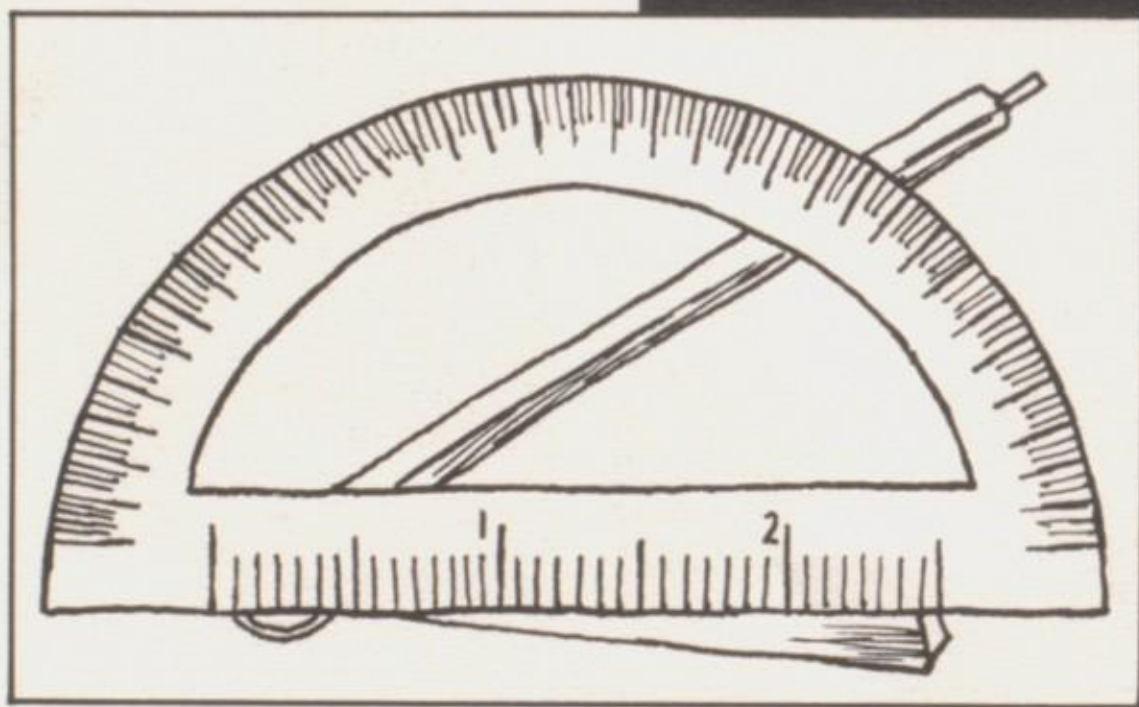

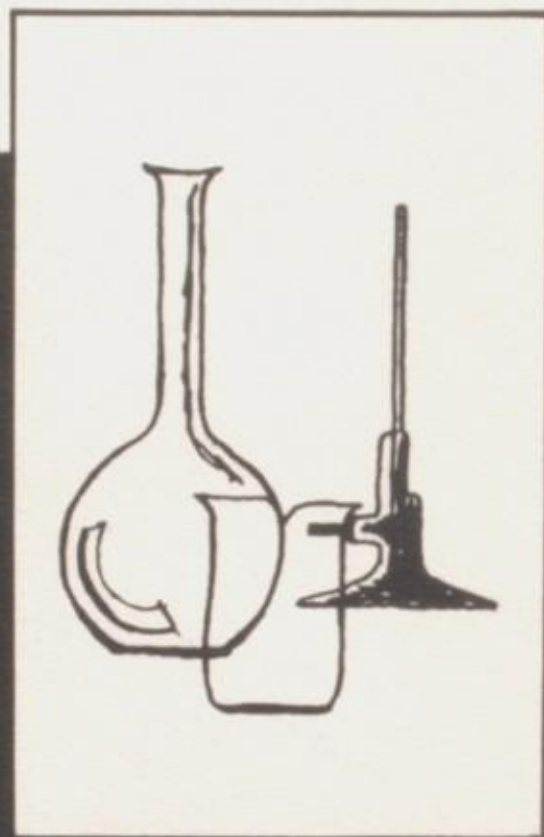

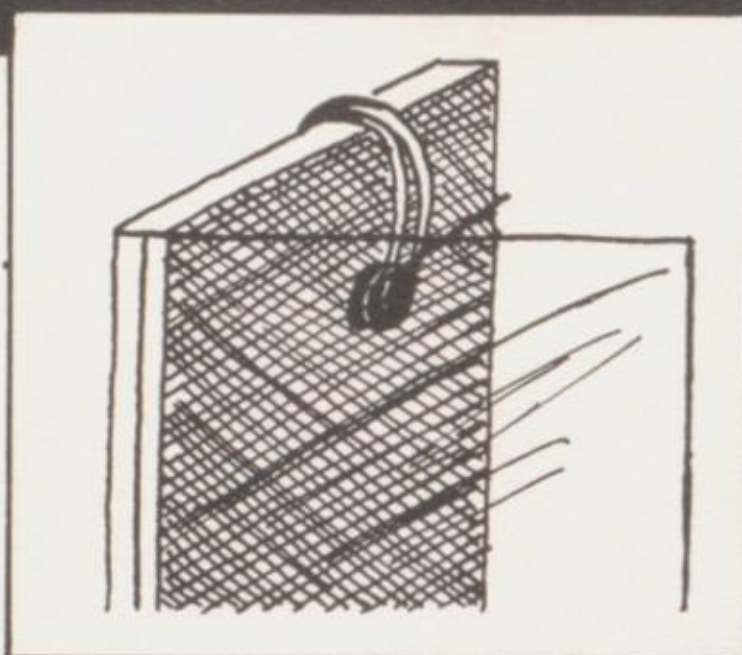

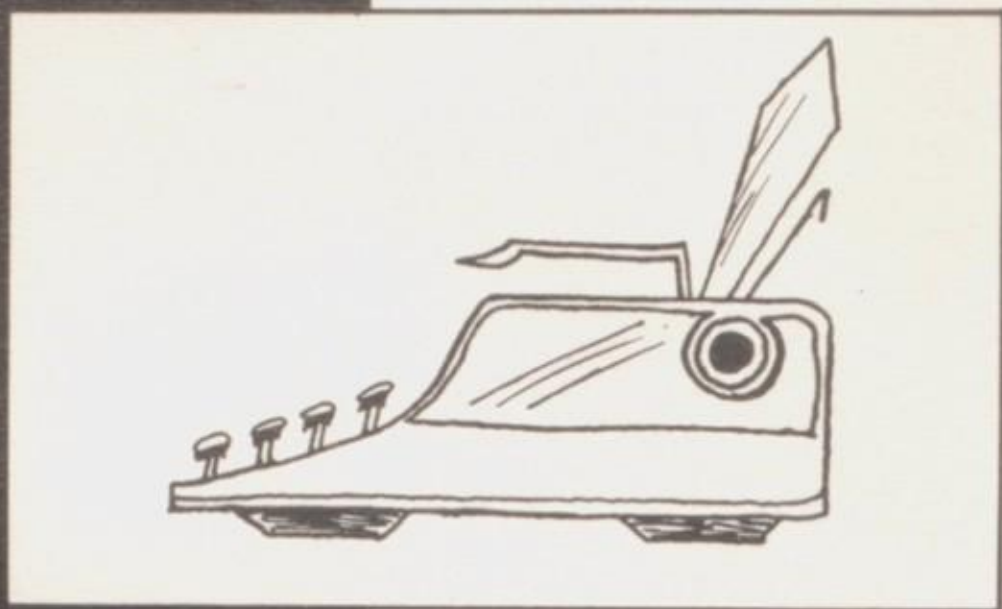

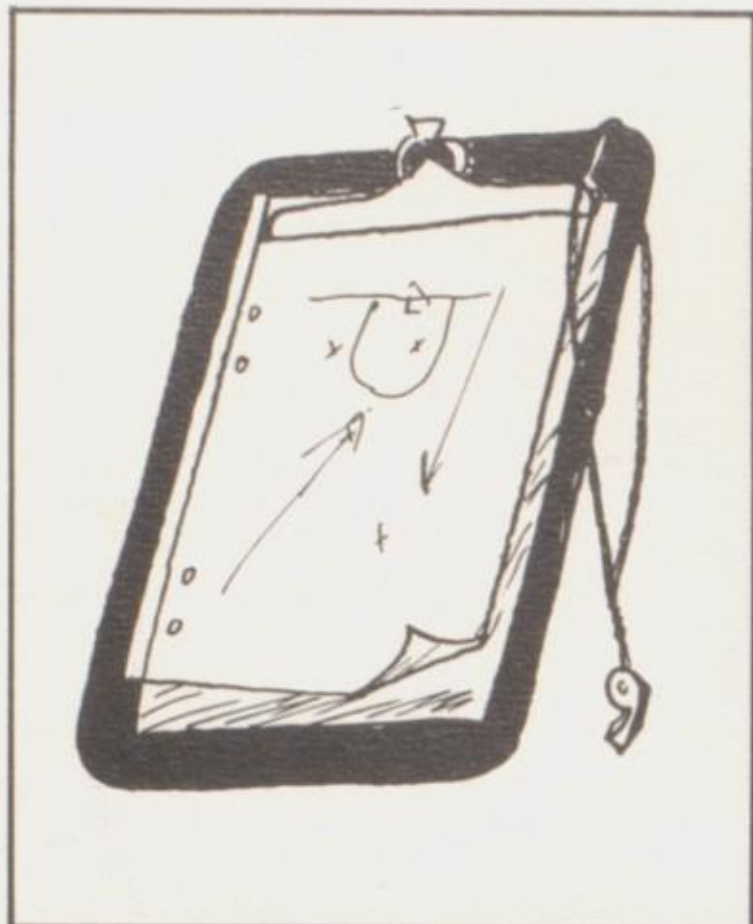

Mr. Moyer keeps our halls neat and clean.

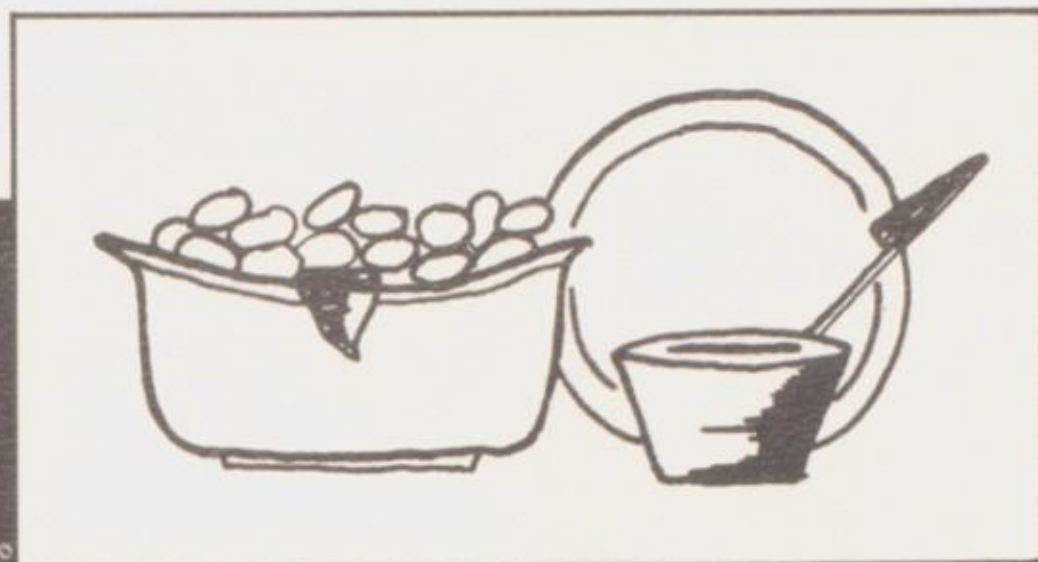

It's Mr. Moyers' fault that our school is always so cold.

## Attempting To Accomplish Miracles

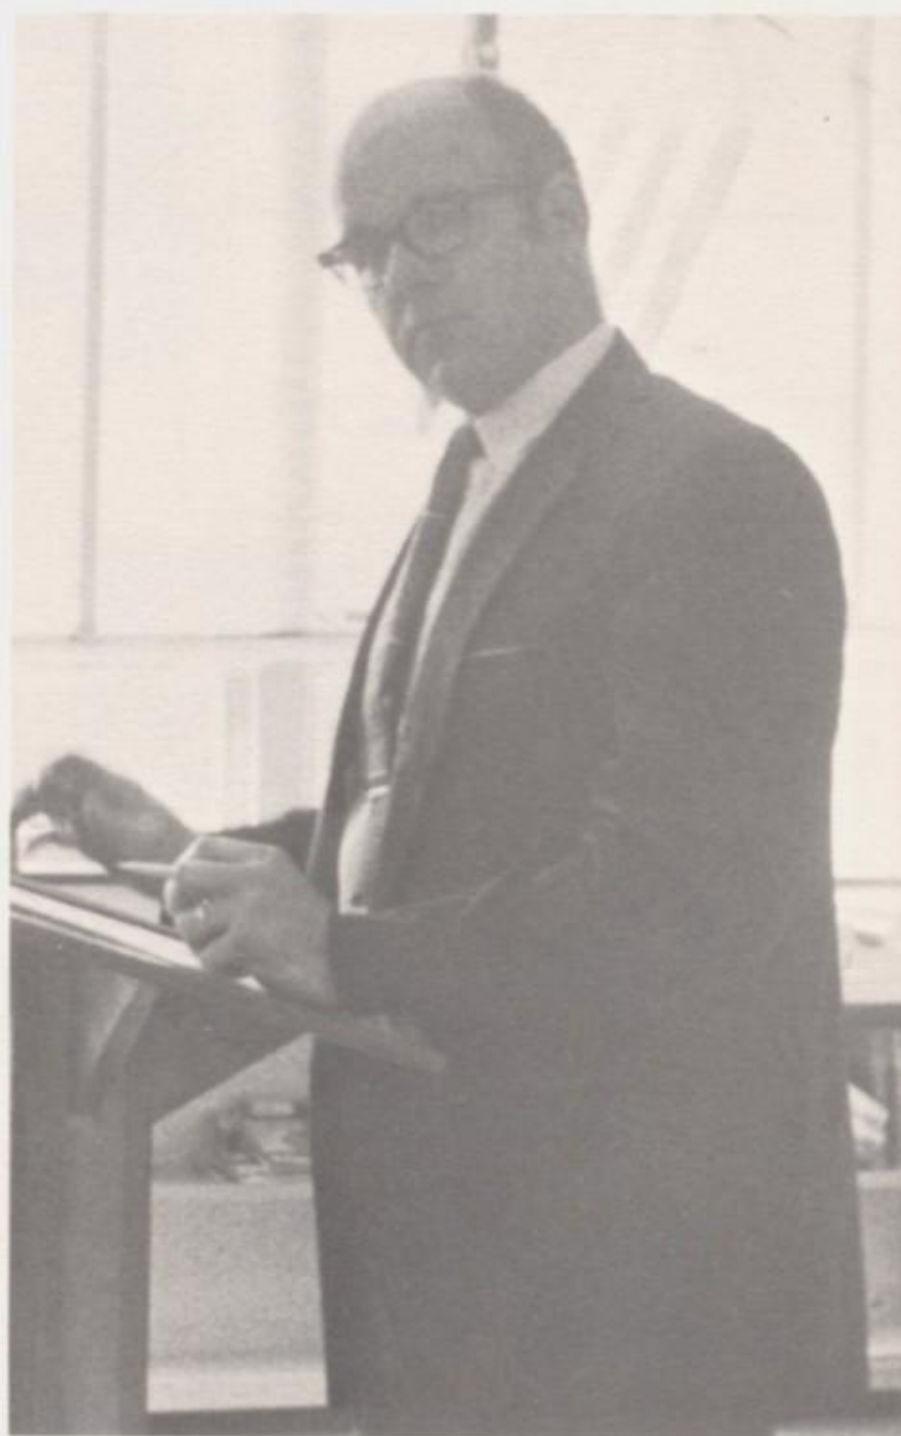

Mrs. Deisher attended Kutztown State College and received a B.S. in English. She teaches both English and Reading. Mrs. Deisher also advises the Debate Club.

In today's fast-moving world it is necessary for one to be able to communicate effectively and clearly. Because of this fact, our English department attempts to develop a student's self-expression in composition and oral presentation. This is accomplished through descriptive writing, impromptu speeches, and writing and acting our short skits.

English grammar is no longer given the attention it had been given in lower grades. Literature appreciation, an enlarged vocabulary, and the ideas of self expression are the basic areas of English instruction.

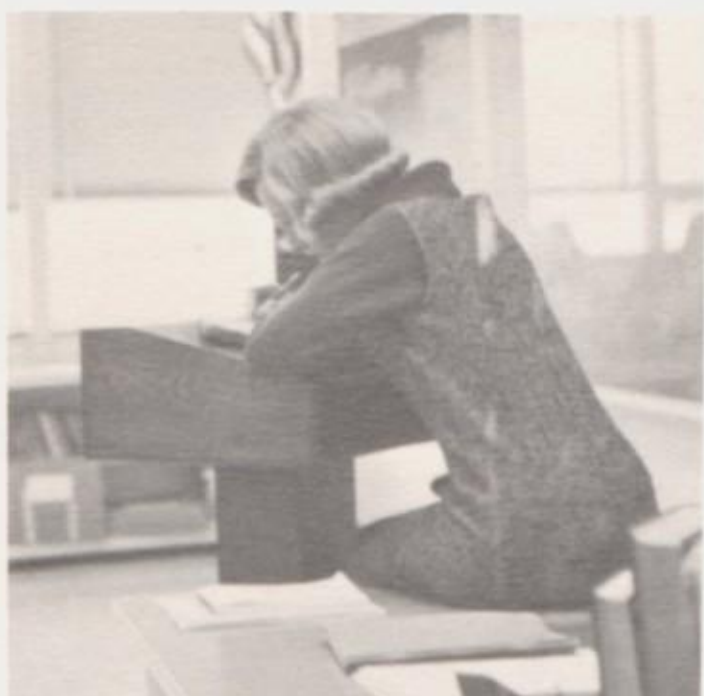

A little conference is held by four teachers.

Mr. Feaser attended Lebanon Valley College and received an A.B. in English. He also received a M.Ed. in English from Temple University. He teaches English. Mr. Feaser advises the *Illiad* and the Junior Class Play.

Mrs. Lindemuth prepares her lesson.

Mr. Hoffman received an A.B. in English from Lebanon Valley College. He teaches English. Mr. Hoffman also is a yearbook adviser, and he coaches the track team. This year he is also directing the Senior Play.

Mrs. Lindemuth received a B.S. in English and Secondary Education from Bloomsburg State College. She teaches English and Reading.

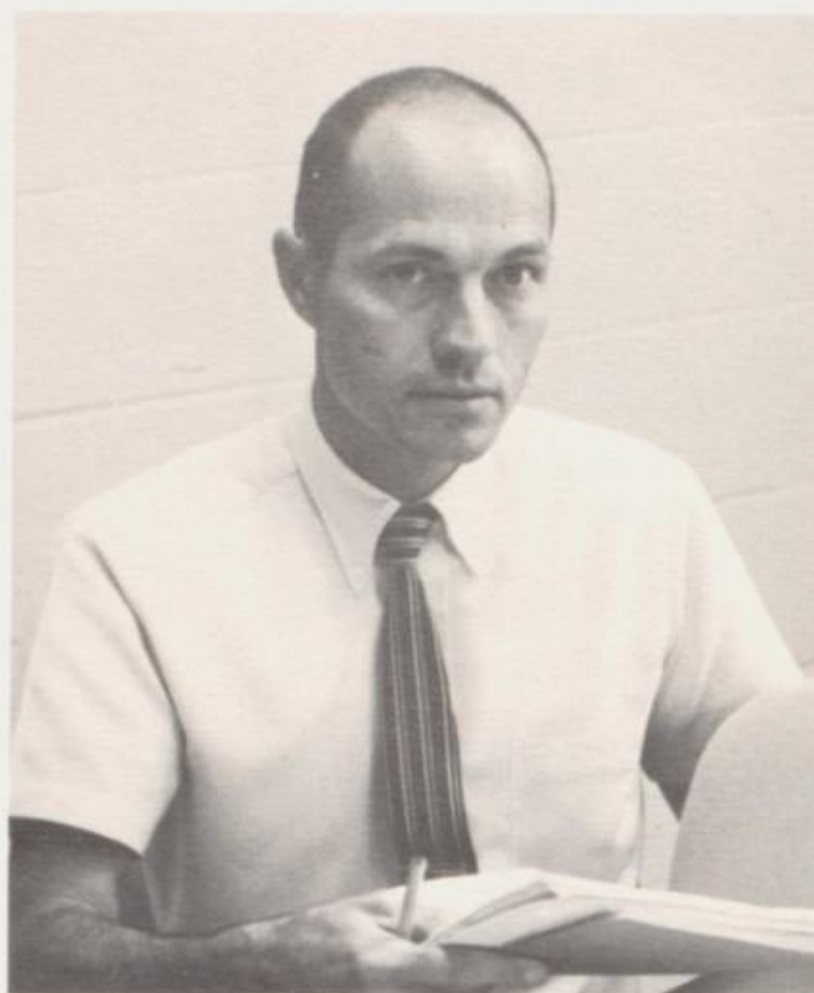

Catching Mr. Hoffman off guard.

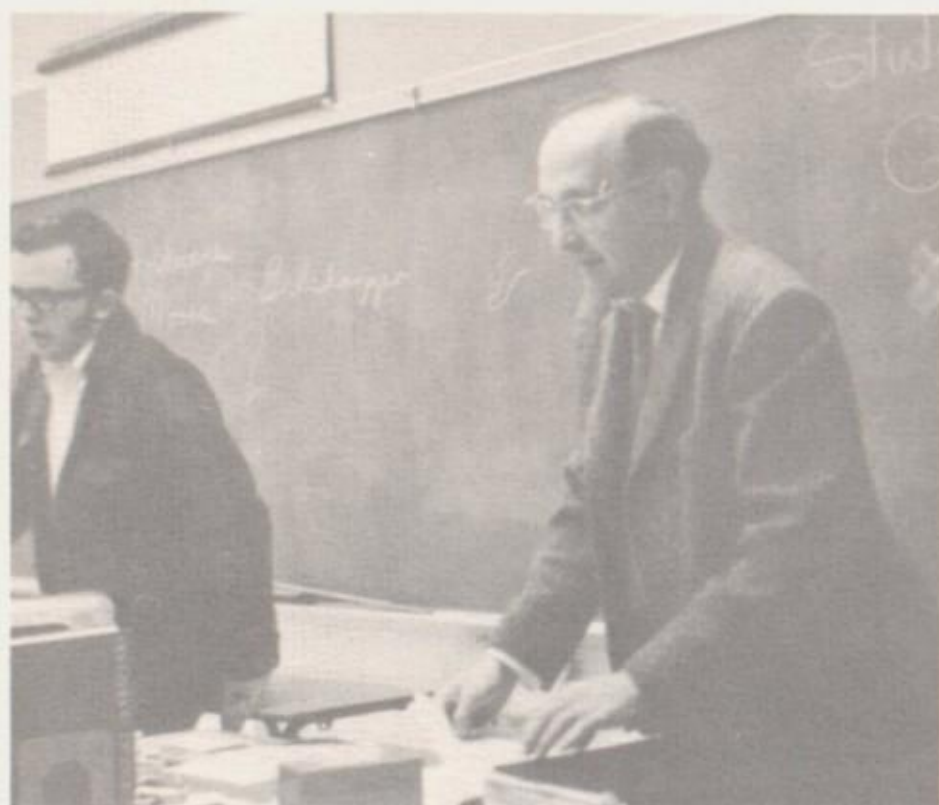

## Discovering The World Around Us

Social Studies as a whole is designed to help students appreciate the cultural heritage of the world and to understand his own society. In Civics class the freshmen learn about the government and how it operates. Sophomores analyze the cultures and various societies of other countries in their World Cultures class. American History is taught to juniors and enables them to analyze decisions and mistakes made in our country's past. Seniors are offered a course in the Problems of Democracy, which gives them a broader picture of the political structure within our country and the world. Sociology, an elective for seniors, gives the student a better understanding of man and his many societies.

Mr. Wentling received a B.A. in History from King's College and a M.Ed from Temple University. He teaches World Cultures and Civics, coaches the soccer team, and is the athletic director at THS. Mr. Wentling uses overlays and comparative world maps in many of his classes.

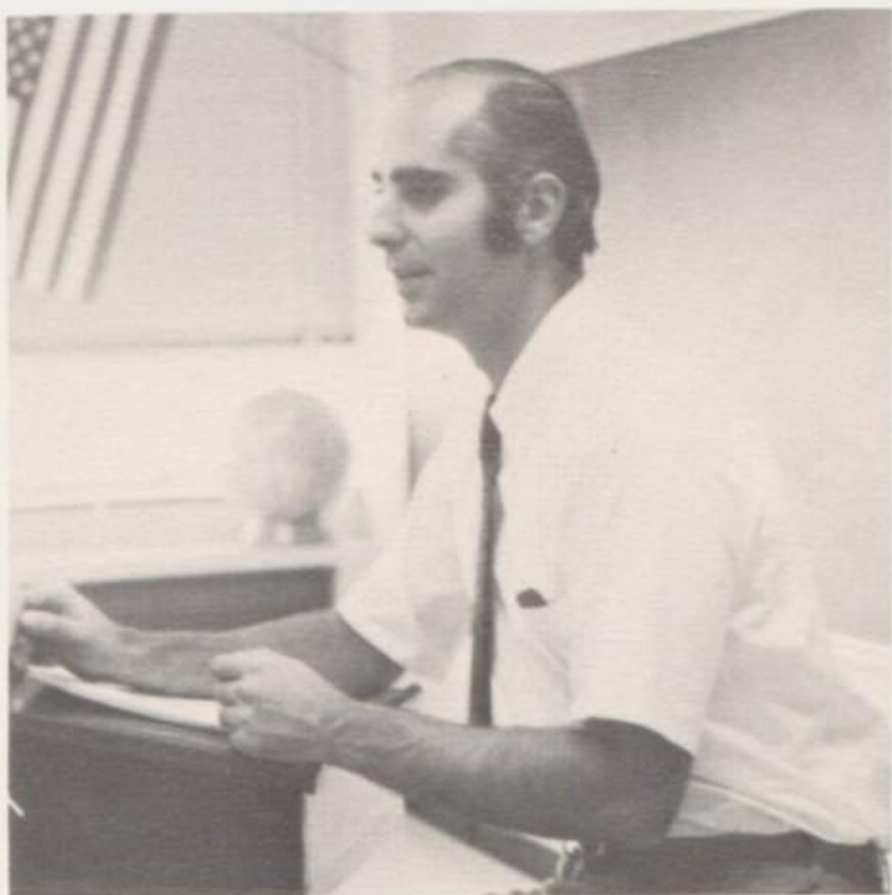

Two speakers of the house.

Sleeping on the job?

Mr. Schwartz received a B.S. in Social Science from Mansfield State College and an M.Ed. in History from Kutztown State College. He teaches American History and Civics. Mr. Schwartz also is an advisor for the THS Student Council.

Carol certainly enjoys her P.O.D. classes.

Mr. Scarpignato received a B.A. in History Sociology from Albright College and an M.A. in Education from Temple University. He teaches Civics and Problems of Democracy. Mr. Scarpignato also gives current news media immediate attention.

Kevin waits for his daily beating.

Mathematics:

# Confusing To Everyone, Including The Teacher

This is the Machine.

Mrs. Leininger attended Kutztown State College and received a B.S. in Mathematics. She teaches Algebra I and General Math. She also advises both Varsity and Junior Varsity Cheerleaders.

Mr. Kaiser uses the machine.

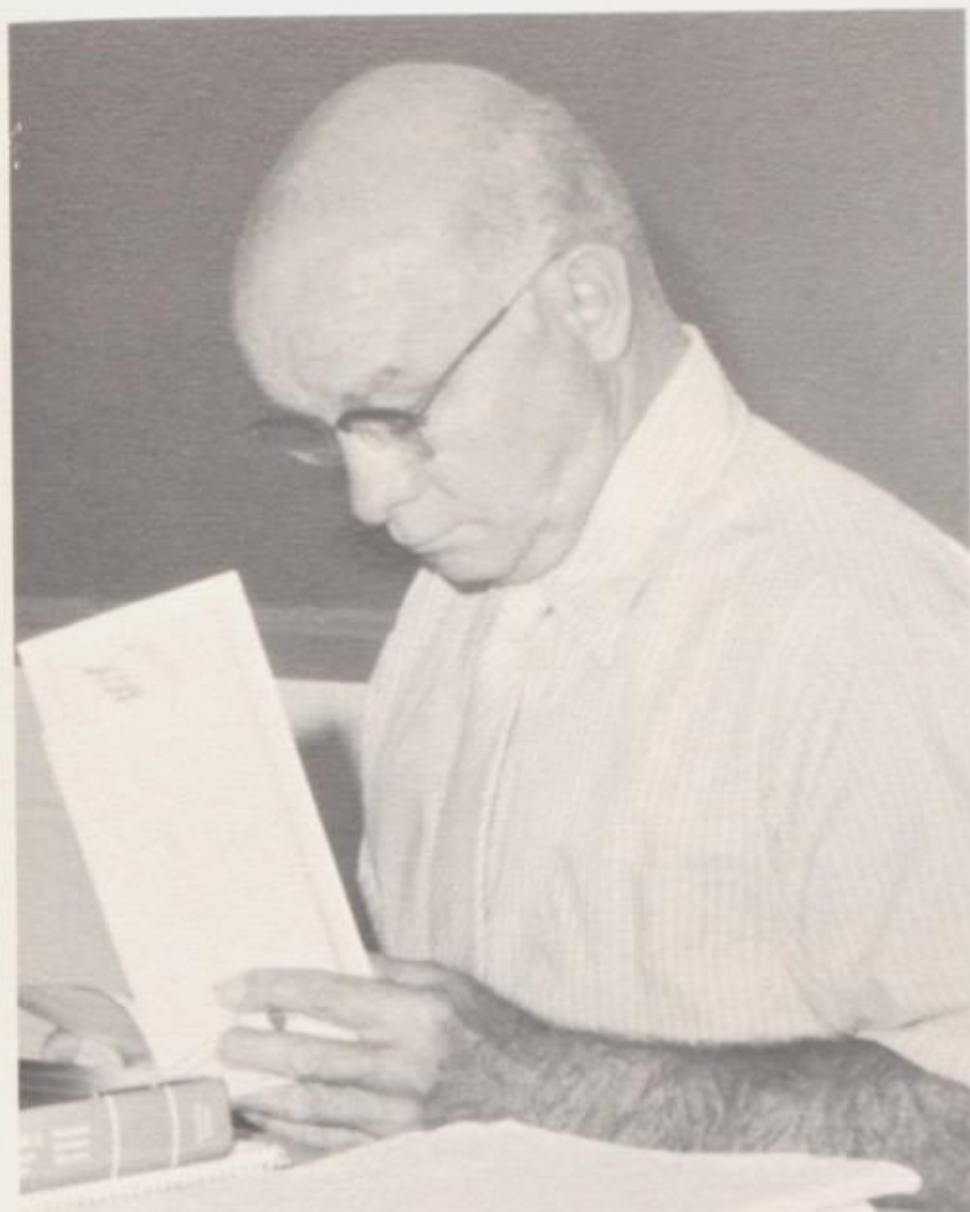

No one ever sits in seats.

Mr. Crim attended Bloomsburg State College and received a B.S. in Mathematics. He also received a M.S. in Guidance and counseling from Kutztown State College. He teaches Algebra II and General Math. Mr. Crim is also the wrestling coach and assistant track coach.

Mr. Kaiser attended Kutztown State College and received a B.S. in Education. He also attended Lehigh University and received a M.A. in Education. He teaches Geometry, Trigonometry, Business Math, and General Math. Mr. Kaiser also advises FTA.

The Mathematics department provides the student with a firm mathematical background. The freshmen build the foundation by studying Algebra I. Sophomores then follow by working on Geometry in order to better grasp the concepts of Algebra II taught in the their junior year. Trigonometry is taught to seniors, and the Advanced Math course is offered as an elective.

Mr. Rentschler received a B.S. in Science from Elizabethtown College. He teaches Trigonometry, Physics, and Advanced Math.

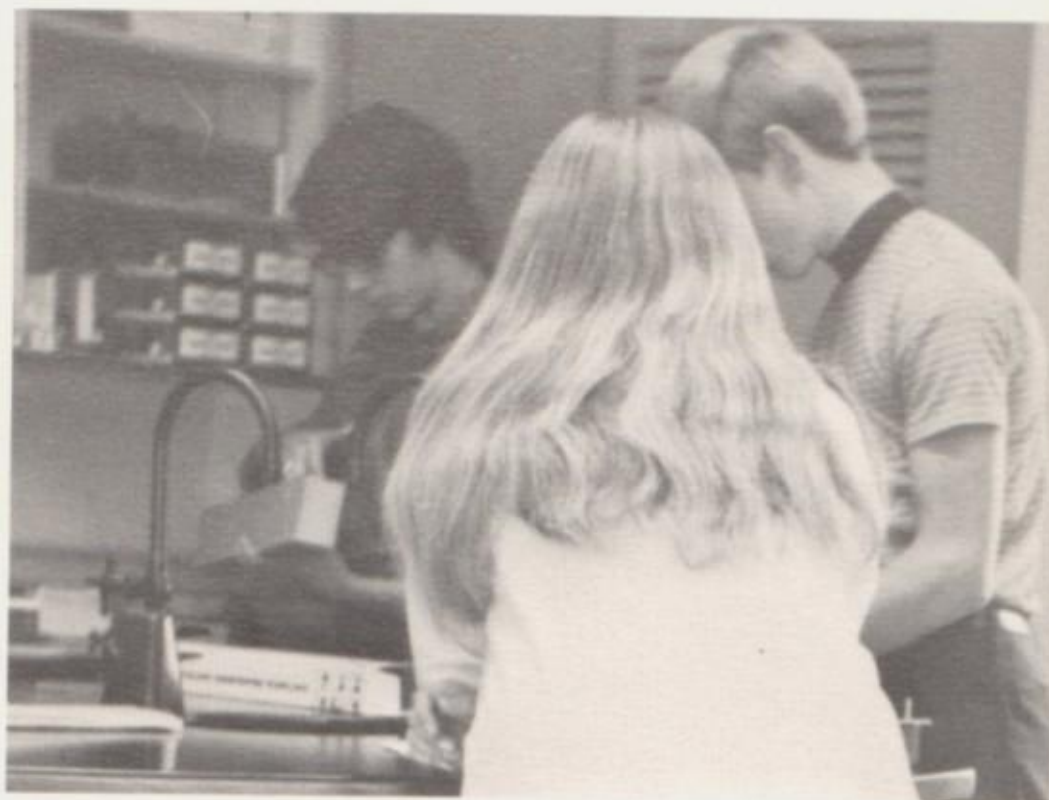

Mr. Rentschler makes himself at home.

## Science Department:

# Experimenting With The Unknown

The Science Department helps the student understand the basic concepts of the world. Biology teaches the student about himself and about other organisms which affect his life. Earth and Space presents the student with ideas of why and how our surroundings are the way they are now. Chemistry introduces the complex world of elements and chemical substances. Physics primarily deals with matter and the effect of energy upon it. The elective course of Bio-Chemistry shows how the concepts of chemistry and biology work together in life processes.

Kathy and Peter are absorbed in their work.

Mr. Ullrich received an A.B. in Psycho-Biology from Albright College. He teaches General Science and Earth and Space Science, and advises the Karate Club.

Mr. Winter attended Penn State University from where he received a B.S. in Chemistry and an M.S. in Education. He teaches Chemistry and Earth and Space Science, Bio-Chemistry and also is the boys tennis coach.

Mr. Winter plans his attack.

David doesn't mess around.

Mr. Wenrich received a B.A. in Natural Science, and a M.Ed in Biology from Kutztown State College. He teaches Biology and Bio-chemistry. A new technique used by Mr. Wenrich this year is silent filmloops.

Linda looks a little stumped, you would too if you had Physics.

## Foreign Language:

# Translating 10,500 Words Each Night

German and Latin classes are made more interesting by the use of films, slides, and tapes. Mrs. Kline and her Latin classes enjoy singing. Miss Ketner keeps her classes under control by allowing them to color Advent calendars and Easter cards.

Miss Ketner attended Kutztown State College and received a B.S. in Secondary Education. She teaches German.

Mrs. Kline attended Ursinus College and received an A.B. in Latin, French, German, and English. She also attended Kutztown State College for Social Studies. She teaches Latin and German. She is an adviser of the *Dardanian*.

German teachers are happy people.

Mrs. Kline passes back a test and Bruce can't wait to get his back.

Commercial:

# Training In Typing, And Writing, And Talking

This program of study is offered to those students wishing to be office secretaries, legal secretaries, and those wishing to enter any field of business. Some of the courses offered are typing, shorthand, business law, and filing.

We also have a special program offered to senior girls. This program allows them to go to school for a half day and to have an actual job the other half. This program helps both the employer and the student.

Miss Whitman attended Bloomsburg State College and received a B.S. in Education. She teaches all the business courses. She is an adviser of the Student Store. She also organizes the work experience program.

Mrs. Guthrie attended Susquehanna University and received a B.S. in Business Education. She teaches personal typing, typing II, shorthand, and bookkeeping. She is an adviser to the Illiad and FBLA. She also helps with the publicity for the class plays.

Once in a while the commercial girls take it easy.

Mrs. Guthrie makes her daily teaching plans.

Home Economics Department:

# Cooking, And Baking, And Making Our Clothes

Home Ec is for the girl who is more inclined to learn the mysteries of housekeeping. The girls do various types of sewing and at some moments, a boy may be detected in the cooking area. Home Ec isn't just for girls, as Jeff Schucker may tell you.

Time to play at nursery school.

Mrs. Clements received her B.S. in Home Economics from Mansfield State College. She also attended Bloomsburg State College. Mrs. Clements teaches Home Economics and advises the Future Teachers. Mrs. Clements has also developed a new unit on consumer education which involves the actual buying and testing of different items.

A necessary item for painting is an old shirt.

Mrs. Blatt received a B.S. in Home Economics from Mansfield State College. She teaches Home Economics and advises FHA. Mrs. Blatt is trying to teach her students more on Consumer Buying.

## Industrial Arts Department:

# Communicating With Wood

This year Mr. Scheirer is striving to show his boys the "World of Work". His freshmen classes are studying communications. This includes printing, plastics, and mechanical drawing. In a few years Mr. Scheirer hopes to expand his communications course to include manufacturing and construction.

Industrial arts has a real advantage over all the other courses of study and that is that the boys learn by doing things. The industrial arts course is open to anyone who is interested. This year he has about 15 academic students in his classes.

For the first time in the history of THS, girls are allowed to take industrial arts.

Mr. Scheirer is always willing to work with the boys.

Randy and Rick seem to be very busy.

Mr. Scheirer attended Millersville State College where he received a B.S. in Industrial Education. He teaches Industrial Arts and Mechanical Drawing.

Pay attention, boys!

Cheryl works on her mechanical drawings.

# Digging, Planting And Watching Them Grow

Mr. Orendo attended Pennsylvania State University and received a B.S. in Agriculture Education and Agronomy. He teaches agriculture and farm mechanics. He is an adviser of FFA, Stage Crew, and Audio Visual.

Everyday our world is increasing its population by thousands. This puts a great burden upon the farmers who have to raise the food for all these hungry people. Therefore, the purpose of our agriculture department at THS is to prepare students for the many needed professions in the growing field of agriculture.

Throughout the year the students cared for their own projects on the FFA plots, worked on the school farm and nursery, and planned outdoor stations in forestry teaching. Agriculture electives included turf maintenance and establishment, landscape design, forestry resources and multiple uses, and natural resources.

Being an Ag teacher is not an easy job.

Are the Ag students boys or monkeys?

Mr. Orendo diligently teaches his senior ag students.

## Reading For Pleasure

Mrs. Snyder attended Kutztown State College from where she obtained a B.S. in Library Education. She also advises the Library Club. The Library has purchased a new cassette tape recorder for the students to use.

The Library is a very essential part of every school. It is a place where the students can go to find materials which supplement the knowledge they acquire in the classroom.

Our librarian, Mrs. Snyder, and her library assistants are always willing to aid the students in finding helpful and informative materials. In order for the freshmen to learn how our library is set up, Mrs. Snyder instructs them in the contents and use of the library.

This year we have an added study aid in the library. The library has purchased a cassette tape player and several tapes concerning the present problems of our modern world.

The students carefully look over the new books.

The library is a pleasant place and a busy place.

Mrs. Oberly

There is always work for Mrs. Oberly.

# Jumping The Hurdles And Climbing The Ropes

Mrs. Wolf happily leads her troops through various fields of phys-ed. The younger girls learn basic sports — hockey, basketball, etc. and the older girls go into dancing or making up gymnastic routines to records. The classes are always lots of fun and the girls have a great time raising the roof.

The movie star of THS

Boy am I glad that's over.

Isn't that a beautiful cartwheel.

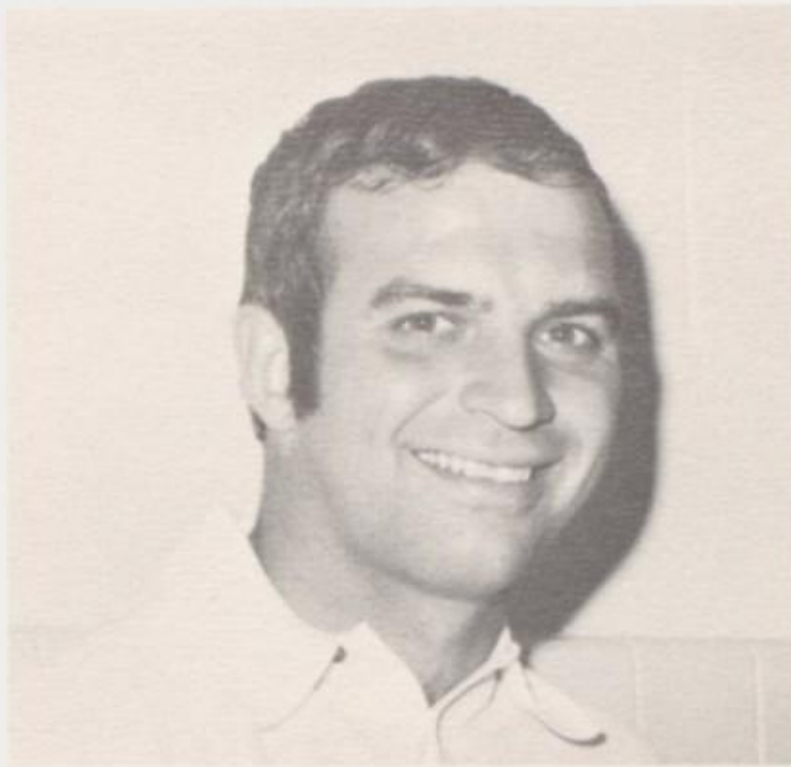

Mrs. Wolf received a B.S. in Health and Physical Education from East Stroudsburg State College. She teaches girls gym and also coaches hockey, basketball, and tennis. This year Mrs. Wolf is initiating corrective physical education classes.

Isn't that a not so beautiful cartwheel.

Mr. Wolf received a B.S. in Health and Physical Education from West Chester State College. He teaches boys gym and coaches J.V. Basketball, J.V. Baseball, Gym Club and is the Assistant Soccer coach.

Boys Phys-ed classes under the jurisdiction of Mr. Wolf, are usually lively, fun-filled affairs. Even though an occasional light is busted or a neck snapped in half, the boys still enjoy their games of fist soccer and other light sports. This type of sport is usually played in the winter when going outside is impractical. So, the practical sport of fist soccer is employed and quite a number of boys can sport a practical bruise or two.

Look at me go!

## Singing The Scale Out Of Tune

The chorus and band keep Mr. Kremser very busy but he also finds time to hold a snack bar job after school in the gym lobby. The profits go to the music department. Various other activities also encompass the students such as Christmas and Spring Concerts, county and district chorus, and many others.

The vocal ensemble works very diligently.

The vocal ensemble sings their part of the concert.

Mr. Kremser attended Ithaca College from where he received a B.S. in Music Education. He teaches music, band, chorus, and instrumental instruction. Mr. Kremser also advises the Stage Crew.

The chorus performs their Christmas concert.

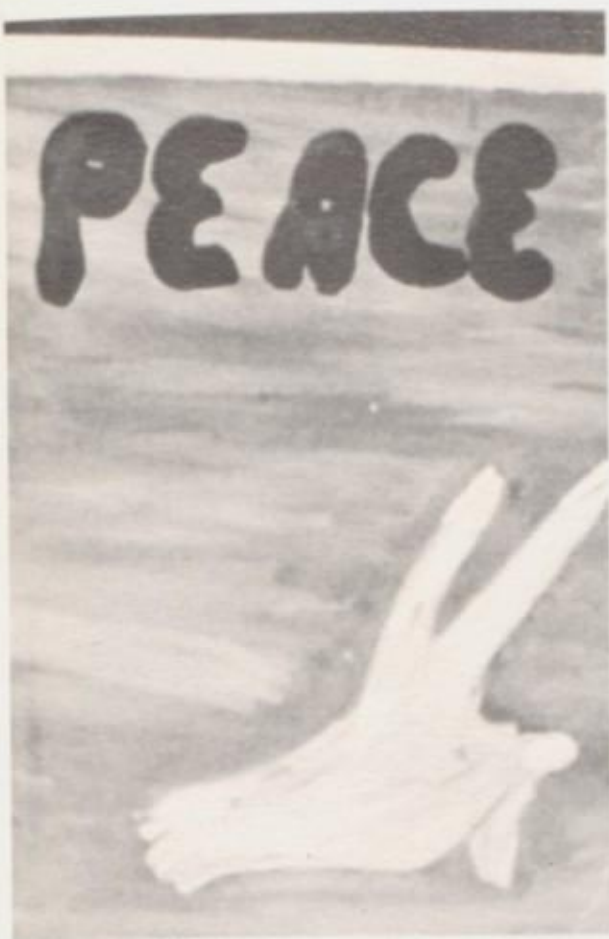

Naughty, naughty, you didn't learn your music.

Art Department:

# Painting And Drawing Or Whatever You Please

Young people really are aware of what's going on.

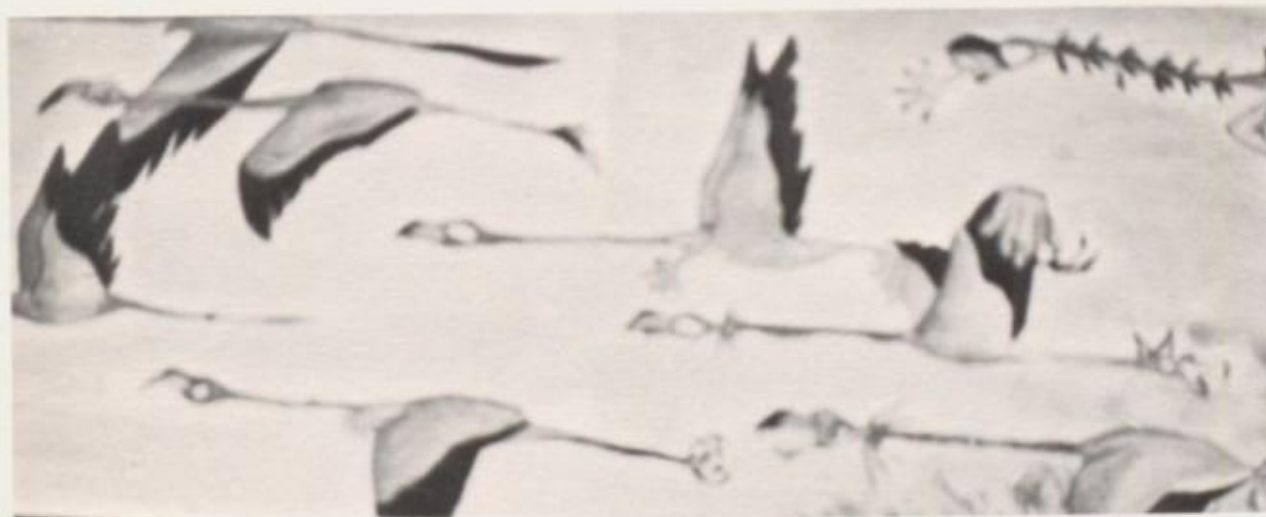

Mrs. Carvell received a B.A. in art from Albright College. This year Mrs. Carvell allows the pupils to teach themselves almost anything in the art field with teacher backing.

As our Art teacher, Mrs. Carvell leads her students through the maze of painting, sketching, sewing, and many other diverse activities. Many students choose to elect art and are quite satisfied with the program.

Dark Shadows comes to life for someone.

See the birds fly.

Mrs. Carvell looks at her mess.

Driver Education Department:

## Rattled Nerves And Smashed Up Fenders

Mr. Brown, the Driver Ed. teacher, does everything humanly possible to teach his students to drive safely. Risking his neck every time he takes a greenhorn out driving, this courageous man is more than willing to do it for THS. Under his careful guidance, the students fare much better in their driving.

And they give us heck for running around in the halls.

Mr. Brown attended Shepherd College from where he received a B.S. in Elementary Education. He also received a Driver Education Cert. from Millersville College. Mr. Brown teaches Driver Ed. and is the boys basketball coach.

Mr. Brown is doing something constructive for a change.

## Vocational Technical Department:

# Preparing Skills In Specialized Fields

Mike Fink, Harvey Philumalle, John Seiverling, and Sam Neuin.

## Student Council:

# Representing The Students In Important Matters

This year our Student Council under the capable leadership of Brian Melito, is striving to make THS a better school. They have come up with many new and interesting ideas, such as a possible Road Rally and more live entertainment at school dances. The welfare of each student is always uppermost in the minds of the Student Council.

National Honor Society:

## Maintaining Outstanding Academic Achievement

A new organization started at THS which will benefit the student body greatly. A National Honor Society was formed of students maintaining outstanding academic achievements. Students from Conrad Weiser High School participated in the induction ceremony during an assembly.

The group consisted of Juniors and Seniors. Officers were elected as the organization began its first year. Membership into this organization will definitely give underclassmen a real challenge to work for.

Michele Stoudt, Vice-Pres.; Tedd Zerbe, President; and Carol Kissling, Secretary. Mr. Feaser is the adviser.

## Debates Club:

# Discussing Our World-Pressing Problems

Co-Chairman, Dennis Kenney; Adviser, Mrs. Deisher.

One of the more intriguing clubs at THS is the Debates Club which is sponsored by Mrs. Deisher. This club sends its members to various schools where the teams pair off and debate. A judge grades the individual debators and the sum of these grades is the team's score. This club provides excellent opportunity for practice of public speaking and the least the students can do is profit from their experience as a member of the club.

## Assisting The Librarian

Suzette Nein, David Zimmerman, David Gible, Doris Dietrich, Mary Kalbach, Irene Gechter, Mary Porto, June Bender, Linda Donkel, Joe Meyer, Kathleen Lash, Hilda Lausch, Lori Hetrick, Joyce Rohrbach.

The Library Club is an organization for students 9 through 12, designed to provide assistance for the librarian. Jobs performed by these assistant librarians include working at the circulation desk, decorating the bulletin boards and showcase, and straightening out messy book and magazine shelves. The interest stimulated by this club, hopefully will cause these students to consider careers as librarians.

## Future Teachers Of America:

# Preparing For A Teaching Career

FTA's main purpose is to give future teachers a chance to better understand the profession they are entering. The club took part in many activities this year. One of them was a discussion with a panel of teachers; namely, Mr. Hoffman, Mr. Wenrich, Mr. Rentschler, and Mr. Scarpignato. The discussion was both interesting and amusing.

The club also had an activity night, presented an assembly, recognized National Education Week by making posters, and the junior and senior members did their student teaching in the classes they preferred.

## Aiding The Unhealthy

Despite everyday discoveries and cures in the current field of medicine, there is still the great demand of nurses in today's world. The Future Nurses of America is a club consisting of 11th and 12th grade girls interested in answering this demand. Activities for the year included films, speakers, and field trips to various medical centers.

During the course of the year the FBLA has been busy. In the Fall the members attended the Fall Regional meeting held at Twin Valley.

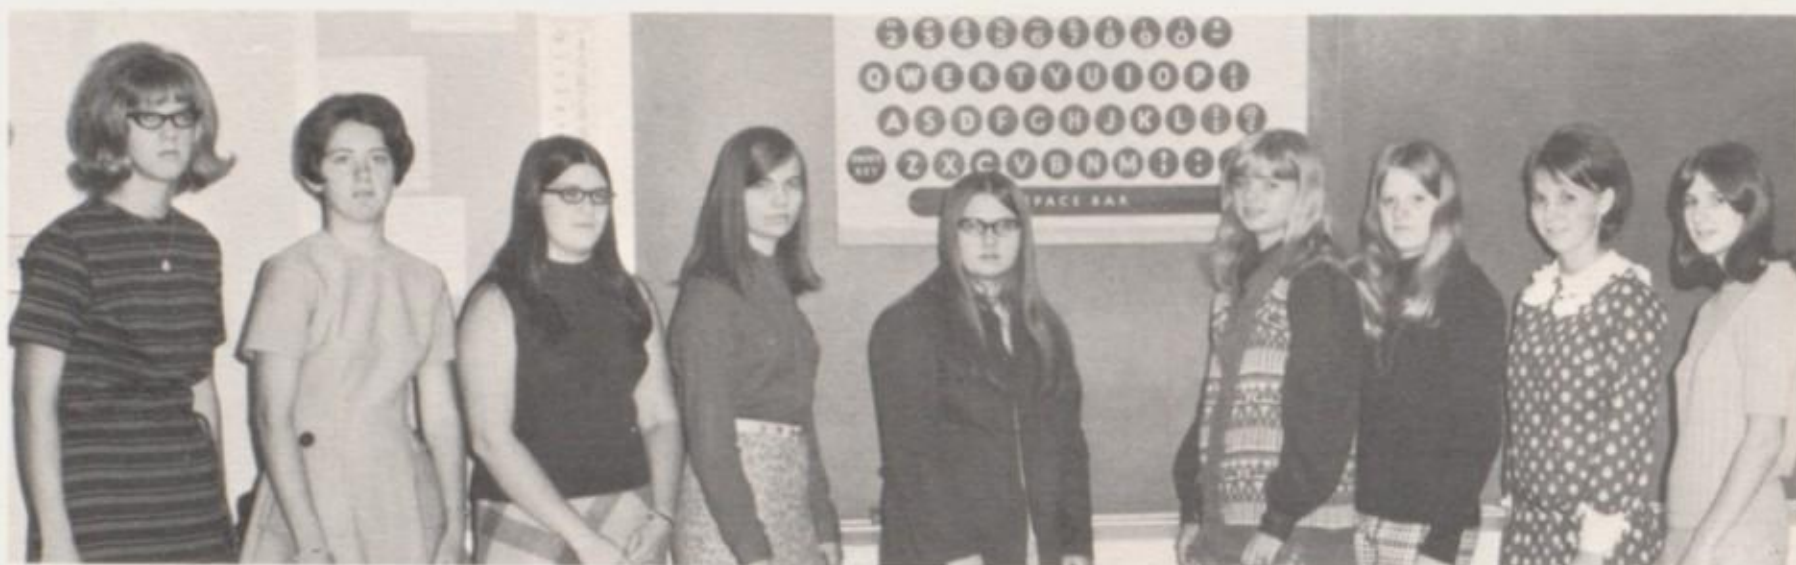

At Christmas time the girls were busy making favors for the teachers.

In March the club put on an assembly which consisted of two skits; one entitled the Unideal Secretary and the other the Ideal Secretary.

The closing of their activities was in the Spring when they attended the Regional Meeting held at Wilson High School.

## Karate Club:

# Learning To Defend Ourselves The Oriental Way

Mr. Ullrich demonstrates a position for the boys.

The THS boys will certainly be able to handle their enemies now that a Karate Club has been organized. Karate means "empty hand" in Japanese. It is a system of self defense which is based on the use of the arms and legs in attack and defense. You utilize your full strength to attack your opponent's weak points.

Karate came from a system of fighting which was developed in India and later spread to China. From China it went to Okinawa and from there it spread to Japan where it was popularized.

Karate will probably continue at THS because many boys have come out and they all enjoy it very much.

Mr. Ullrich

Aren't we tough?

Kenny and Darryll show their Karate skill.

The boys practice one of the methods of attack.

The members of this organization learn everything they can about farming. Mr. Orendo also tries to teach them how to become leaders. Leadership is a very important quality to these boys.

The Future Farmers of THS also help in the landscaping of the area around the school and they have set up their own nursery. They also sponsor other activities such as their annual hayride and their chicken barbeque.

## Serving As Helpers In An Athletic Style

Mr. Wolf.

Curt Behler shows his soccer skill.

A new organization at THS, the Gym Club allows underclassmen to help Mr. Wolf in his gym classes. By doing this it allows the boys to gain experience in teaching and also in working with others. Everyone seems to like the idea and the Gym Club will probably be a permanent item in the extra-curricular activities of THS.

Standing: Barry Boehmer, Curt Behler, Ted Zerbe, and Tom Shiner. Kneeling: Brian Melito, Sheldon McCollam, Dan Siegrist. David and Greg Hain are absent.

## Playing Firemen

Fire Marshalls are those students who were chosen for the job by the administration. Their job is to make sure the building is safely evacuated, windows closed, and all other safety precautions done in case of fire. At times when least expected, the alarm is rung and students go through the practices as though a real fire were in the building. In this way, fire marshalls and students know what to do and where to go so that if the real situation ever occurs a minimum amount of damage to the school and students results.

If there was a real fire, do you think we could clear out in time?

## Audio-Visual Club:

# Projecting Pictures On The Screen

For students interested in the operation of a projector, the Audio Visual Club allows them to learn just that. For school use, a member of the club usually runs the projector for various educational films.

Mr. Orendo, Adviser; Irvic Frantz, David Gible, Dennis Moyer, Elvin Schilling, Lester Feick.

# Stage Crew: Controlling The Light, Curtains, And Sound

The Stage Crew takes care of the stage behind scenes. During a school assembly or some outside program, these boys manipulate the lighting, sound effects, and the like. With the passing of this year, however, THS will lose the greatest member it ever had — none other than our own Lester Feick, who handles the stage better than anyone else.

Each year at Tulpehocken High School, girls are chosen from the senior class to serve as the school hostesses. These girls are selected on the basis of outstanding scholastic achievements. Among the many duties of a hostess are attending all school functions, serving as ushers, collecting offerings, distributing programs and supervising the entering and leaving of students at school assemblies.

# Describing The Memories Of The Past Year

The Senior Dardanian staff has their work cut out for them all year as they prepare their yearbook and hope for the best. Much work is put into this project for the planning and financing. Being a very great responsibility, the staff realizes they get only what they put into it, so they strive to make their yearbook the best thus far.

# Marching Around In The Wet And The Cold

Mr. Kremser leads the band in its parades and concerts. The band gives one concert every year and that is the Spring Concert, which is shared with the Chorus. This year our band participated in the Pretzel Bowl, which consisted of a march down Penn Street and pre-game ceremonies, and the Kutztown Homecoming. The Memorial Day parades are also attended by the band.

# SPORTS

*[Signature]*

The baseball team, under the guidance of Mr. Leininger, worked very hard last season. The boys learned to master their own individual positions and they all did their very best.

We were pleased to have Ken Noecker represent THS on the All-Star team. Two other Trojans, Lynn Schaefer and Glenn Noecker, also received honorable mention.

Next year the team should be quite successful because they lost only four players. We all hope the boys have a successful and victorious season.

# Jumping The Hurdles And Running The Laps

Coaches: Mr. Hoffman, Mr. Crim

The track team, under the direction of Mr. Hoffman, had a very successful season even though they won only a single meet against Fleetwood. The team did very well in the running events but they lacked backing in the field events. Borrowing Lynn Schaeffer and Barry Boehmer from the baseball team helped them out.

We were very happy to have Jack Wenrich, Lynn Schaeffer, and Greg Goshorn represent THS in the District III Championships. Goshorn and Wenrich were defeated in the beginning heats but Schaeffer went on to place third.

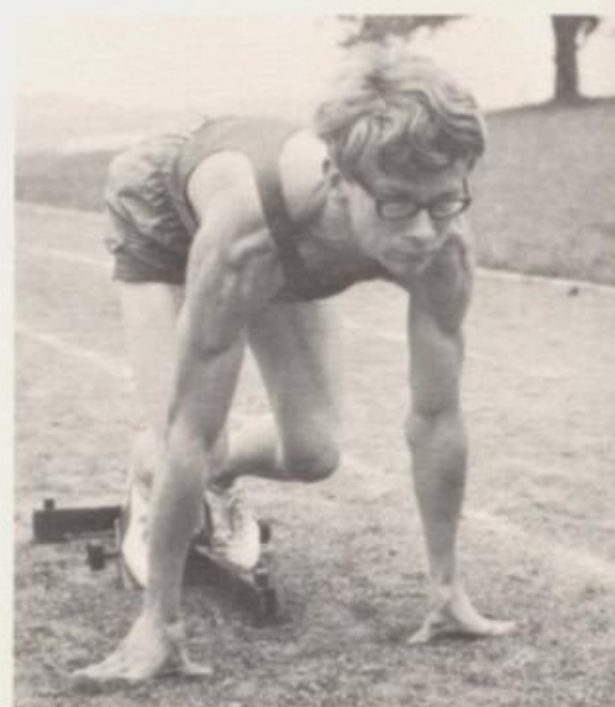

A freshman, Larry Dietrich, who was injured early in the season showed a great deal of skill in the triple and broad jump.

Although it is a new sport at THS, golf seems to be quite popular. Mr. Rentschler had thirteen guys who came out for the team last year. The guys didn't play any league matches, however, they did play two trial matches. They lost the one match by only a half point. The team has picked the Heidelberg Country Club as their home course and do all their practicing on that course.

## Lobbing The Ball Over The Net

The team, under the supervision of Mr. Winter, started out very good until they lost two of their players.

Our top player, Tedd Zerbe, was seeded fourth in the county at the County Tennis Tournament.

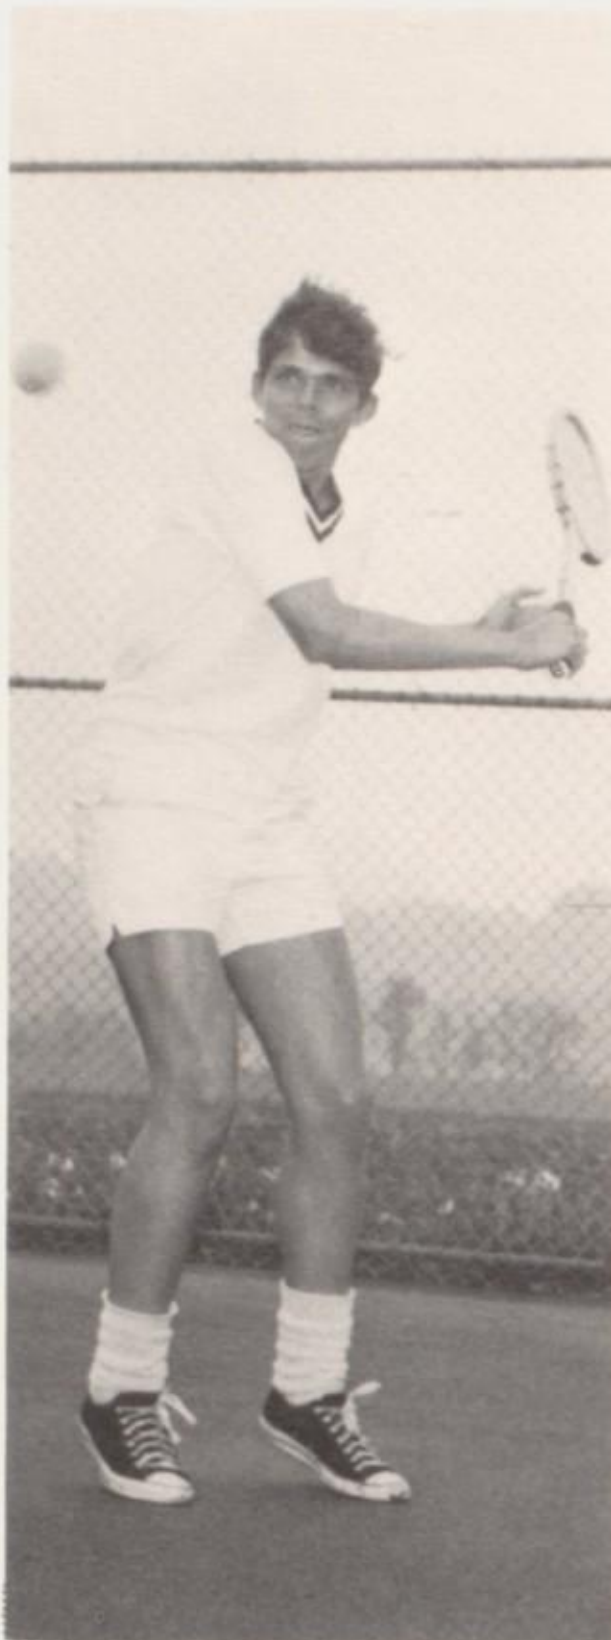

The team lost four out of their five top players last year but they still will have Zerbe who proved himself to be quite a tennis player. This year they will have to rebuild the team but we're all sure they'll have a very rewarding season.

# Tennis: Serving The Ball Over The High Fence

Tennis was a successful sport last season while the team ended up with six wins and five losses. Maria Hollenbach, Dos Wilhelm, Michele Stoudt, Sharon Miller, and Carol Kissling, top five players lead the team to its six victories.

Wilson and Annville-Cleona were two of the Varsity team's more overwhelming victories, both with a score of 6-1. The J.V. team also came up on top with a 6-1 score against Oley.

Tennis is chiefly a game that requires much skill and concentration. From their record, the team proved their ability to do both of these things.

# Soccer: Kicking, Running, And Making A Goal

Soccer was one of Tulpehocken's most successful sports once again this year. After a tie with Elco for first place, they missed the Berks County Championship by losing to them in the playoffs.

Barry Boehmer, Tom Shiner, Timm Reynolds, Curt Behler, and Shelley McCollum were chosen for the All Star Team this year. Timm Reynolds was also elected by the team to receive the "most valuable player award." He was presented with a trophy at the fall sports assembly.

One of the more exciting games during the regular season was the team's win over ELCO by a score of 3-1. There was no score at the end of the first quarter. However, the Trojans made up for lost time and won the game much to the joy of the team and spectators.

Shelley McCollum, Curt Behler, Jeff Schucker, and Larry Boehmer will make the trip to Europe this summer. These guys worked hard to earn money by a soup sale, Italian sandwich sales, and a dance held at the Kutztown armory.

Way to go, Maria!

"Hustle" was the most frequent word yelled by teammates during the 1970 hockey season. The team did just that. Summer practice began in August, where the entire team developed their skills and where new members were tried in the position they wanted.

The highlight of the season was the team's win over Wyomissing by a score of 2-1. Maria Hollenbach and April Brungart, both high scorers for the season, scored the two points while Wyomissing ruined the team's attempt for a shutout by scoring their lone goal in the last ten seconds of play.

Freshmen came out for the team in exceedingly large amounts this season. Together with the sophomores, the J.V. team came up with a real good record of 3 wins, 3 losses and 3 ties. Pam Schaeffer scored 5 goals and lead the J.V. team as high scorer.

New events were added to the team's schedule this year. Maria Hollenbach, center halfback was elected by the girls to receive the "Most Valuable Player Award." Division II of the Berks County hockey league also elected an all star team this year. Joan Bennett was elected to fill the left half-back position on this team.

Hockey newsletters, another new addition to the hockey season, were distributed. These newsletters contained the records of each Berks County team, named their high scorers and Most Valuable players, and listed the members of the all star teams.

# Stuffing The Ball In That Round Netted Ring

The Tulpehocken Trojans set Berks county records. In fact, the Trojans set these records in their game against Cedar Crest. THS had a 34-for-36 foul shooting streak while 28 of these shots were straight in a row.

Two of the Trojan's wins this year were against Hamburg and Schuylkill Valley. In the Hamburg game, Dietrich had 25 points while Zerbe had 20. The Trojans won 57-51. The Trojans had no trouble with Schuylkill Valley either. The end score was 51-40. They also won 3 non-league games.

Tedd Zerbe was a great help to the team this year. He was the number one scorer in the western division of the Berks county league. Foul shots were his best trait. Not only did he have 160 foul shots for the season but he set Berks County records by shooting 22 of 22 shots from the foul line in the Cedar Crest game. Zerbe also had 120 field goals and an average of 19.0 points per game.

## Girls Basketball:

# Trying Our Best To Make Those Field Goals

One of the more exciting games of the girl's basketball season was the one against Holy Name. THS won by a score of 38 to 34. In that game Maria Hollenbach was high scorer with 13 points.

The J. V. team had some close and exciting games too. One of them was with Wyomissing. The team played a good game and tried hard to win. However, Wyomissing won by one point.

Maria Hollenbach and Leslie Katz were high scorers for the season while Linda Meredith was third highest.

Possessed with pep and vitality, our cheerleaders can usually be heard a block away, although not always during a game. This year the J-V and Varsity squads each have seven regular cheerleaders with one substitute. These girls show up for our sports events and try to cheer our teams on to victory. We don't win all our games, but at least we have great cheerleaders!

Junior Miss:

## Representing Our School And Competing For The Title

Carol models her evening gown and is judged on poise and appearance.

The weekend of October 3 was the high light of the Berks County Junior Miss Pageant sponsored by the local Jaycees. The three contenders from THS were Kathi Eisenbrown, Carol Kissling, and Cindy Moyer. With an interview, Carol was chosen representative from our school.

Parties and rehearsals were held to prepare for the pageant. In addition to talent, the 20 participants were judged with respect to poise and appearance, physical fitness, scholastic achievement, and mental alertness.

Many hours of practice were required to perfect the pageant program. Mimi Moyer representing Governor Mifflin High School won the title of Berks County Junior Miss.

Kathi Eisenbrown, a junior miss contender.

Cindy Moyer, a junior miss contender.

On the night of the pageant, Carol was introduced as the contender from Tulpehocken High School.

Carol performed a modern dance to Alley Cat, as her talent.

After much preparation and practice the routine went very smoothly.

## Senior Class Play:

# Presenting The All-American Boy

The living room of the Brennen home was the setting for the senior play which took place on April 2 and 3. This modern comedy in three acts showed how an All-American boy becomes a victim of a con artist. Jerry and all the people around him learn a lesson from the swindler, J. Fenelon Finque.

*First Row: Marilee Eckert; Kathi Eisenbrown; Carol Kissling; Karen Zerbe. Second Row: Brian Speicher; Clarence Sweitzer; Dennis Moyer.*

Mr. Hoffman, director, guides the production with a smile.

Jerry Brennen, played by Brian Melito, is a very likeable high school senior. He is electronically chosen as the National winner in the "Typical Teen-age Boy Contest". But his world falls in when the government pays him a visit.

The girl next door, Molly Swados, is played by Trudy. She also just happens to be Jerry's girl friend.

*First Row: Carol Rebman, Emma Witters, Beverly Hetrick, Trudy Suski. Second Row: Michael Klahr, Tedd Zerbe, Brian Melito.*

Yvette LaRue is played by Kathi. She considers herself to be the biggest wheel in the senior class.

Yvette's current victim is Horace Hawthorne. He is played by Brian. His snake-in-the-grass attitude is overdone and he is as black as his outfit.

The craziest character in the play and in school has to be Michael who plays Oliver Brennan. Oliver is a middle-aged father. He handles money everyday at work, but has little money himself. He is a poor mechanic, golf is his bag, and his car gets in moods.

Jerry's mother, Virginia is played by Carol. She is a sensible woman who is in her late thirties or early forties.

Mrs. Swados, a dignified mother of the girl next door, is played by Beverly.

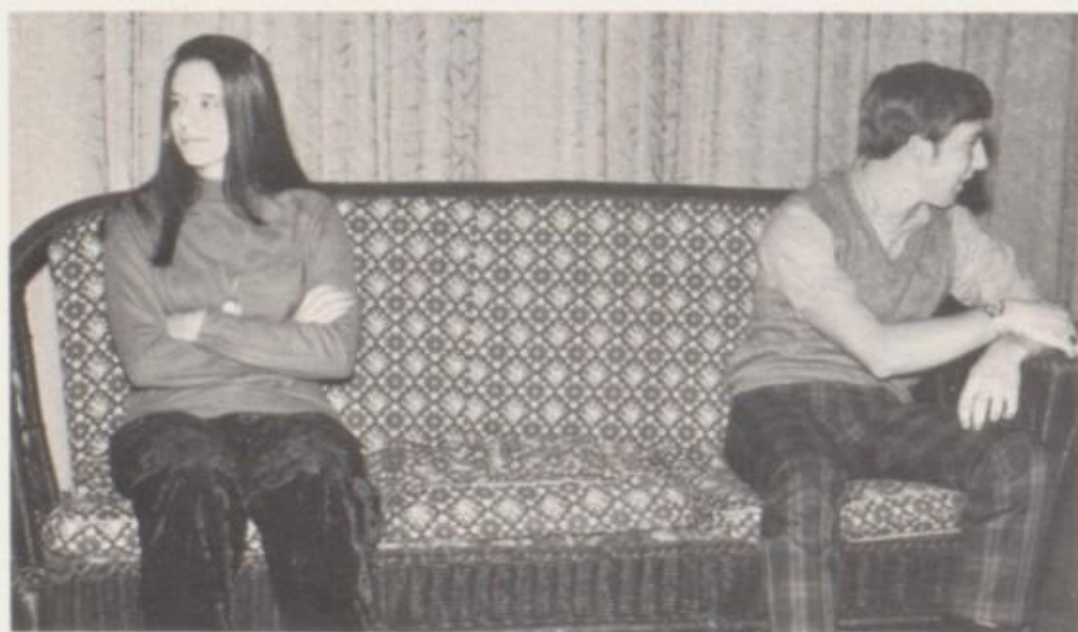

Devoted to his job is Lt. Swados who is played by Tedd. He is a policeman and acts with authority.

Marilee plays the part of "Moose" Grobengeiser who is a good-natured friend of Betty's. She is overweight and loves to eat.

Karen plays Miss Kittinger who is a Woman reporter. She is a woman who knows what she wants.

Jerry loves being selected as the Typical American Teenager. Just think — TV-personal appearances. But Molly has a different opinion.

"Ah, you know me Molly. We used to fight in the same sand box."

What is a family without a little sister? What is a play without a pest? So Emma plays Betty Bernnen who is lively and outspoken.

The Internal Revenue man, Mr. Diogenes, is played by Dennis. He loves to work with the government.

Mrs. Grobengeiser, Moose's mother, is played by Carol. She is much smaller than her daughter.

"Say . . . how about an average kiss"

The Curtains fall.

The biggest con artist and swindler in the country is J. Fenelon Finque. He is played by Clarence. He appears to be a very charming fellow.

## Junior Class Play:

# Kissing The Girl, They Said, Was Impossible

"You Can't Kiss Caroline", a three-act comedy, was presented by the Junior Class on November 20 and 21. The story concerned the students at East End High School and took place in the gathering place for the "in" crowd — Rand's Drug Store.

Action that revolved around the new girl in town — Caroline — and the efforts of the boys to win her affections, much to the disgust of the other girls, presented many complications when Caroline's sister, Susie, accidentally discovered the boys' plans. The result is a delightfully amusing play. Everything turned out all right, however, as Joe won the bet and a kiss from Caroline.

## Assemblies:

# Sitting There Watching The Stimulating Hullabaloo

An awards assembly is presented for the seniors, in which diverse awards are given to individuals for certain accomplishments, which are based on their four years of high school.

The Senior Assembly is not imperative, but if the seniors so choose, they may have one at the end of the year. In this assembly, class wills and prophecies are read, various honors are given to individual members of the class, and the class gift is presented to the school.

The Student Council Election assembly is presented at the end of each year. Its purpose is to elect a Student Council President and Vice-President. The candidates give their speeches in hopes of attaining one of those titles.

The Installation Assembly of Student Council members is given after the students pick a representative from each individual section. These chosen few are then installed to their duties. The other members are also installed.

The Sports Assemblies are given expressly for those students who have participated in any sport during the year. In these assemblies, awards are given for being a member of the team or outstanding athletic achievement.

The Chorus was the attraction in the Christmas Assembly. They sang numerous songs, both sacred and secular. The new group comprised of 16 seniors is called *Sae Decum* and this group sang a few songs in the middle of the program.

The Athletic Assembly was enjoyed by everyone, not only because it was fun, but instructive also. The funny part was the dance by 11-1 girls dressed as Mugwumps, which consists of a pillow case over the head to the waist, a coat around the legs and flippers on the feet.

The Industrial arts Assembly consisted of films showing members of the group doing various things pertaining to their field. Included in the film was their trip to the fair and Steve Henderson's first prize for an eagle he made.

The Driver Ed Assembly included two hard-hitting films. If nothing else, this assembly made the students think and probably made their attitude somewhat more cautious.

The English assembly was another fun filled experience. The students who agreed to plan the assembly were those who presented it. The assembly was a satire on average everyday television, starting from earliest morning to signing off. Though it was rather long it was enjoyed immensely.

The FBLA sponsored its annual Activity Queen Assembly, for which one senior girl is chosen from every organization to participate. All the students pick one girl who is crowned the Queen in this assembly.

The Debates Club gave an assembly, and those students who stayed awake really profited from the speeches.

The lady teachers receive their flower in appreciation for their time.

The "Big Boys" of our school, receive for their effort, a flower because we are so kind.

Dances:

# Enlightening The Year With A Few Crazy Frocks

Throughout the school year, various dances are held for the benefit of the student body. The freshman class chose to call their dance "Age of Aquarius". Since the Sophomore class dance was scheduled for February, it was called "Cupids Capers". The Junior Class also sponsored a successful dance.

A contemporary group played at the Student Council's "Welcome back dance". This kind of dance seems to get the best response from the students.

"Cupids Capers" was enjoyed by everyone.

"The Age of Aquarius" was a time of stars.

## Christmas Dance:

# Aluding, And Mystifying, And Warming The Soul

"Yuletide Ecstasy" was the title of the Senior's Christmas Dance. Music was supplied by the Hylanders on December 23, 1970, from 8-11 p.m. Chaperones, guests, and students experienced a very enjoyable evening before the hectic Christmas vacation began.

The snow queen and her court sat on a snowy platform with snowmen on the sides. The queen was Sylvia Parker, and court consisted of Bonnie Ziegler and Mary Dolan.

The dance concluded as the couples danced around the fifteen foot tree.

Prom Preparation:

## Creating An Underwater Effect By Using A Parachute

The "Lost City of Atlantis" was held on May 9, 1970, in the school gymnasium. Many decisions and plans had to be made months before the night of the dance. Under the leadership of a faculty member, the Juniors began long hours of work to make their dance a success.

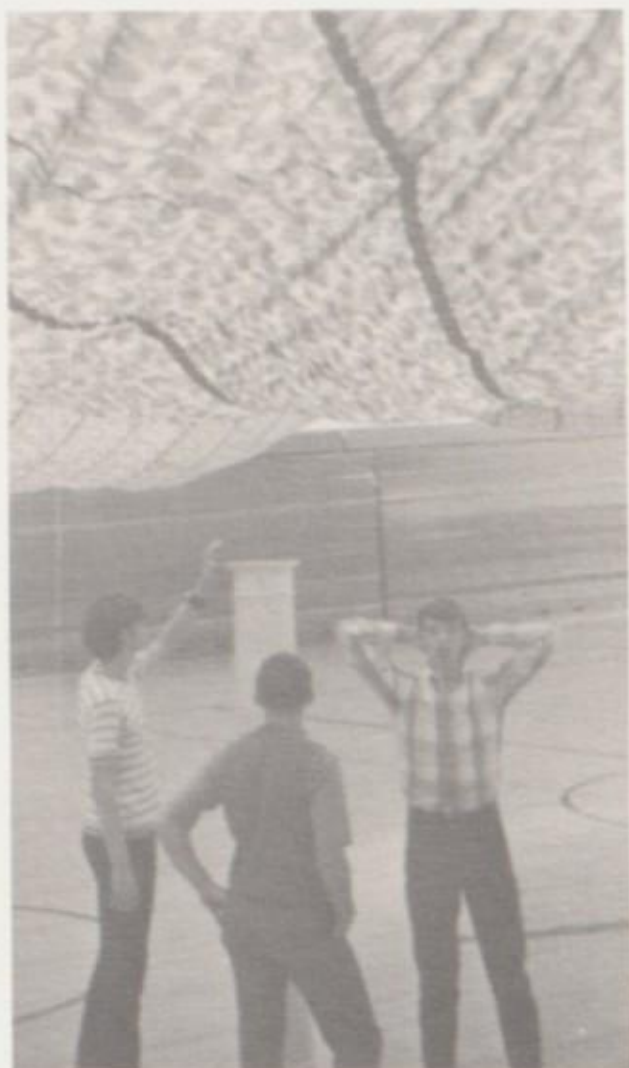

In addition to the work, the class also had fun while decorating. A friendly game of tag now and then broke up the monotony. The biggest project requiring physical force, was lowering the ceiling with a parachute. It was raised in the center by use of a pulley. The sides had to be attached to a wire going around the gym walls. Lots of man power and a little faith kept the parachute in place.

The Juniors created an underwater effect with sea weed murals and a small pool. The prom queen and her court sat next to remains of a wrecked ship, which also added to the effect.

The lobby was decorated with fish and a mermaid, and the entrance to the gym portrayed a cave, which one walked through to enter the "Lost City of Atlantis."

Commencement:

## "Today Decides Tomorrow"

It is a short walk to the auditorium.

Dos, Randy, Pete and Maria have a chat behind the scenes.

They adjust their caps.

They gather at the piano to sing one last song together.

They wait for their turn to walk down the aisle one last time.

Sammy walking to his new freedom.

Commencement for the seniors was held on Thursday, May 27, at 8:00 p.m. This serious occasion was their big moment, and while they looked forward to it, at the same time they held back a little. After the speaker was finished, diplomas were awarded and the seniors marched out. A touching ceremony, as it is every year, it is doubly so for the graduate. Baccalaureate service was held on Sunday, May 23, at 7:30 p.m.

Dear Tulpehocken High

Surrounded by the hills

Your sons and daughters sing your praise —  
Each voice with rapture thrills.

Hail, Tulpehocken High

We hail the Trojans true

And always raise our voices

To Tulpehocken gold and blue.

Dear Tulpehocken High

Our hearts will honor you

As through the years we'll always sing  
Of colors gold and blue.

Hail, Tulpehocken High

We hail the Trojans true

And always raise our voices

To Tulpehocken gold and blue.

Dear Tulpehocken High

Where friends are always true

We will be loyal, pledge our love  
And long remember you

Hail, Tulpehocken High

We hail the Trojans true

And always raise our voices

To Tulpehocken gold and blue.
